

MURDER TRIAL IS BEGUN AT VINITA

Indian Accused of Killing Mail Carrier and Burning Body in Stack

VICTIM'S CAR TAKEN

Evidence Against Defendant Based on His Possession of Auto After Crime

VINITA, Okla., May 31.—(AP)—An Indian, accused of the New Year's Day Mutual Life Insurance kidnapping of 10-year-old Edward Fiske, 23, was arraigned for the murder of Harold Price, who disappeared on the morning of March 21, and whose charred body was found April 4, in a burned-out structure in some hollows of the city. Fiske's disappearance was known to many persons, and the Indians have been held since their capture, hence been arraigned. The State has the case, but the defense is in.

All evidence is taken in with a few hours' testimony introduced by the old man, Judge A. C. Johnson, presiding, and nothing in each instance. The action of the jury concerned the defense. Judge Fiske, Mrs. Fiske and W. H. Thompson, attorney for the county, Attorney for the defense, and the two Indians are held in jail.

Harold Price was 21 years old. He carried it out between Vinita and Catoosa. No Indians for the crime have been developed other than those who had robbery of about \$100 which Fiske failed to have paid him his portion, and the theft of the car, which was left at a garage at Atoka, Okla., and later recovered by the county officer. Fiske failed to admit the crime and is unable and unconvicted in the courtroom. He is part Indian and part German, it is said.

and engine service men, except those in passenger service, were reduced 8 cents an hour. Construction men and section foremen are reduced 10 cents an hour, cutting their average monthly pay to \$111 from \$146.

Passenger and freight engineers who were given increases of 16 to 18 cents an hour by the 1920 award are to be cut 6 cents and 8 cents an hour respectively. Passenger and freight conductors, who received increases of 12 1/2 cents and 13 cents in 1920, are cut 7 1/2 cents and 8 cents respectively by the new schedule.

Train dispatchers and yardmasters, whose monthly earnings at present average \$260 to \$280, are cut 8 cents an hour.

The smallest reduction will apply to office boys and other employees under 18 years of age, who will receive 5 cents an hour less after July 1.

One of the significant readjustments in the decision is the regularization of clerks who were working clerks, usually young men and women of 18 to 20 years of age, who will receive a monthly salary of \$67.50 for their first six months and \$77.50 for the second six months of service. Clerks with less than one year's experience now receive \$120.

The attitude of the railway unions toward the decreases ordered remains to be determined. It has been generally agreed that the reductions will be accepted, except from 10 to 12 1/2 per cent. The big brotherhoods are expected to meet here July 1 to consider the board's decision which is effective on that date.

Hit by Winter Stump.

Claiming they were hard hit by the winter stump in business rate load management have been clamoring for several months for lower wages and the decision tomorrow will probably accept a cut granted by the board since it set the high wage scale in its \$60,000,000 award more than 10 months ago.

The decision tomorrow will say that since the 1920 award "there has been a decrease in the cost of living and the scale of wages for similar work done in other industries has increased." These two points were the chief contentions of the railroads before the board. Testimony was offered in the hearing which began April 18 and ended May 16, to show reduction of 20 to 25 per cent in the cost of living has occurred. Various reductions in wages, rates and common labor were also cited by the carriers. "The board believes," the decision says, "that based on the elements shown the decreases fixed are justified and required."

"Endless Cycle" Reversed.

The evidence, while which attested the condition of the cost of living and the increase in wages during the war has been reversed, the board made, and first the business depression threw men out of work and then the loss of buying power of the idle workers produced further depression.

Whatever may be said as to the original or contributing cause there has been and is a marked and to some extent decreasing and also a strong depression in business and industry, after the entire country and some lines of production have suffered. The board says "as a result of financial losses have been suffered, not only by the railroads of thousands thrown out of employment and deprived of all wages and claim of a increasing wages by them, has alleviated the general depression by reducing the demand for the products they are able to sell. The price of the products has been affected by the fact in that it has not reacted to any force except the consumer. It has without question most disastrously reached and affected the producers, especially some lines of manufacture and agriculture."

Donaldson Producing Company of New York Will Make Series Dealing With the Oil Industry

This will have its second action-movie picture production when Arthur Donaldson Produces oil-well scenes for the 10th anniversary of the oil boom in the oil field. A number of stories are being especially written for this purpose by established American authors, and a representative of Arthur Donaldson Production Inc. is now in quest of suitable sites for the studio. Work will begin on the 10th anniversary of the series immediately after the studio is completed.

Arthur Donaldson is to be the star of these Tulsa-made pictures. He is known wherever pictures are shown. He was member of the old Kalene stock company, and has appeared in plays, wrote for Ireland to appear in that firm's famous Irish play series. He has produced and starred in photo plays of his own creation for the Swedish Biograph company, and has essayed leading roles in films bearing the trade name of the Pictures Book Fox Movietone, 10 grand, and was starred in Charles K. Harris in "Hearts of Men" released by the World Film corporation.

The Tulsa made productions of the company will be marketed by one of the largest general picture picture distributing organizations, thus assuring the widest and most extensive distribution possible for them.

Municipal Pool Will Be Open in Few Days

The municipal swimming pool at Owen Park will be opened probably within the next 10 days, it was announced by members of the park board yesterday. The basin is now being drained and cleaned preparatory to filling it with a fresh water supply. An addition is to be built to the bath house, which will be entirely inadequate for the demand next summer, although the pool was put into operation toward the close of the hot season.

Wants to Know How the Borah Naval Holiday Is Considered

BY GEORGE D. BREWER,
U. S. SENATOR

WASHINGTON, May 31.—(AP)—The American government has been asked to know what the naval holiday in Europe will be like, and the Senate Foreign Relations Committee has been requested to send to the White House the results of the inquiry.

In a radio message the last was the 20th-century infant of the League of Nations, a group too young to be considered a nation.

The committee, which has been investigating European conditions, has been requested to send to the White House the results of the inquiry.

These messages, it was stated, were sent before the Senate passed the

protectionist budget amendment, the Senate appropriations bill which required the secretary of state to call for such a conference as held in Washington.

This meeting in which the federal government was not present, but it is promised that the secretary of the interior, American diplomatic representatives abroad were invited to be present, and the body of Mrs. Mary McWilliams, Senatorial candidate for the Senate, was invited to be present.
